The Indonesian Business Centre (IBC) is one of the networks for Indonesian and Singaporean as well as others businessmen in Singapore. I am happy to note that the IBC has made some progresses since it established 6 years ago and contributes significantly to the developing of business relations between Indonesia and Singapore.

Since the relations between Indonesia and Singapore continue to grow, particularly in the area of trade and investment, it is my sincere hope that the IBC as a centre for networking on matters concerning Indonesia can tap on programmes and ideas that relevant to develop partnerships with government agencies and business chambers in Indonesia to facilitate more business linkages and networks between Indonesian and Singaporean business community.

I congratulate the Chairman and Members as well as the Board of Advisors of the IBC on its sixth anniversary and I wish the IBC every success in its endeavour.
